

**Toyota Motor North America**

6565 Headquarters Dr, Plano, TX 75024

We are pleased to offer an Automated Clearing House (“ACH”) electronic funds transfer system for Toyota Motor Sales. The ACH feature provides greater convenience for dealers by allowing the settlement of payments by electronic fund transfers. The following highlights some of the benefits of this program:

- **Expedites Your Payment** - ACH enables you to receive payment via electronic deposit to your bank account the second business day following our A/P Department’s processing of your invoice. This procedure eliminates mail time and therefore expedites payment.
- ACH also allows payment of your monthly parts statement electronically on the 15<sup>th</sup> of each month.
- **Eliminates the Chance of Lost Checks** - ACH allows no opportunity for checks to be lost, stolen, or misplaced.
- **Provides detailed remittance information** - A detail Statement of Electronic Funds Transferred (“ACH Statement”) is emailed to all vendors listing the date of payment, invoice number, and the amount paid on each invoice. **Please provide primary email address and secondary if available**

By completing and signing the following application, you authorize Toyota to deposit payments into a designated checking account via ACH electronic funds transfer, and to effect payment for monthly charges on your parts statement by initiating ACH debit funds transfers from that checking account or a separately designated account.

**Instructions**

If you are interested in taking advantage of the ACH capability, please complete the ACH Authorization Form and follow the instructions closely. All applications must be signed by an authorized individual to be valid.

**Dealer Information**

Please complete the name and address for your dealership. Also include your Federal tax number, and indicate if this is a new application or a change of bank information.

**Part I - Parts Statements**

1. Please fill out the bank account and bank routing number completely for the bank account you wish to use for parts statement payments. Bank routing number must be nine digits long.
2. Please provide the name and address of the bank from which funds will be withdrawn to pay the parts statement. A bank contact and phone number helps us verify information if necessary and will help us resolve any future transfer problems.
3. If you intend to use the same account for parts statement debits, and for incentives, holdback, financial reserve, and other credits, please check the box indicated.
4. Attach a voided check or good photocopy (NOT a deposit ticket) for this account.

## Part II - Deposits from Toyota

1. If you wish to use a different bank account for deposits transferred to you from Toyota for Incentive, Financial Reserve, Holdback, and other payments, please provide the necessary checking account number and bank routing number. Again, the bank routing number must be nine digits long.
2. Please attach a voided check (NOT a deposit ticket) for this account as well. Your application for ACH credits could be significantly delayed without this check copy.
  - Send completed applications to:

Toyota Motor North America  
Accounts Payable Department (W1-3B)  
6565 Headquarters Dr, Plano, TX 75024
  - Send an email to: TMS Account Master <tms\_account\_master@toyota.com>

actions does not change the Toyota entity responsible for any payment obligations, and in the event of the nonpayment of any payment obligations, we shall only have rights against the Toyota entity directly responsible for such payment. We understand that we may terminate this agreement at any time by written notification to Toyota Motor Sales, U.S.A, Inc. 6565 Headquarters Dr, Plano, TX 75024, Attn: Accounts Payable, Mail Drop W1-3B, effective not more than 10 working days following receipt of such notice. We also understand that processing of the electronic transfer for parts statements from the account designated as the "Parts Statement Payment" account will commence automatically and that actual transfer will occur on or about the 15<sup>th</sup> of the month following the parts statement date.
